# SKIDSTEER ATTACHMENTS

### AUGERS

Starting at \$2,700.00 with 12" bit

- High torque allowing you to drill with speed and precision.
- Heavy duty planetary gear reduction provides long life with minimal service and maintenance.
- Auger drive unit completely encased in an oil bath for continuous lubrication.

### PALLET FRAME & FORKS

Starting at \$895.00

- Heavy duty fork frame and tines rated at 3,000 pound capacity.
- Heavy gage loadguard offers superior strength while the flat surface provides protection against damaging the load.
- Loadguard design allows excellent see-through visibility to the end of the forks.
- 42" or 48" heavy duty fork tine options.

### BROOMS/SWEEPERS

Starting at \$4,500.00 for 72" pickup sweeper

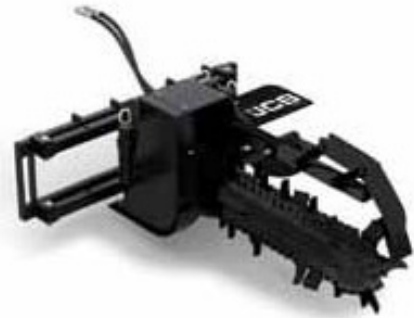

- Make easy work of site clean-up.
- High power direct drive motors deliver excellent torque.
- Large bucket capacities allow for extended operation.

### SKIDSTEER HYDRAULIC HAMMER

Starting at \$9,900.00

- Outstanding impact energy and compact construction for class leading power to weight performance.
- Silenced design for more quiet operation.
- Sealed for life accumulator for lower service costs.
- Stainless steel piston eliminates corrosion.

### TRENCHERS

Starting at \$4,800.00

- Maximum digging power for excellent productivity.
- Heavy duty chain on standard flow models or planetary reduction on high flow model multiplies torque to the cutting chain.
- Spring loaded boom to reduce shock loads to the hydraulic motor and carrier.
- Self adjusting idler with sealed bearing is maintenance free.

### ROCKHOUND

Starting at \$8,200.00

- Levels, grooms and finishes the soil while breaking up clods for seeding and sodding.
- Picks up and collects rocks ranging from 3/4" to 6" in diameter.
- Debris is dumped quickly by raising the loader arms and opening the front shroud.
